INTRODUCTION

Congratulations on your new Jetson Jupiter! The Jupiter is an innovative and fun kick scooter, ready to take on everyday use. Before your first ride, check whether the wheels are damaged, or parts are loose. If there are any abnormalities, please contact Jetson Customer Support at 1-(888) 976-9904 or email us at customerservice@jetsonbike.com.

This product manual can help you understand, use, and maintain your Jupiter. In order to avoid danger caused by collisions, falls, and loss of control, please use caution and learn how to ride the Jupiter safely. Jetson and authorized dealers cannot be held liable for injury or damage caused from riding the Jupiter. Users ride at their own risk.

The rider is responsible for consequences caused by violating warnings or improper operations.

If for any reason you want to return this product, please contact Jetson Customer Support at 1-(888) 976-9904 or email us at customerservice@jetsonbike.com before returning it to the store.

INCLUDED IN THE BOX

FEATURES AND SPECS

- Weight Limit: 132 lbs
- Product Weight: 8 lbs
- Polyurethane Wheels
- Wheels Size: 100 mm
- Rear Foot Brake
- Adjustable Handlebars
- LED Light-Up Wheels
- LED Light-Up Deck & Stem

ASSEMBLY

There is a guide inside the Handlebar that you will have to align with the groove on the back of the Stem. Place the Handlebar on the Stem and push down. Run the screw through the hole at the base of the Handlebar and tighten using the included nut (place nut on the right side when facing the front of the Jupiter). Make sure the Handlebar is secure.

UNFOLDING AND FOLDING

To unfold the Jupiter, push out the Locking Lever and turn the Knob counterclockwise (make sure you do not remove the Knob completely.) Once the Locking Lever is loose, locate the Quick Release Lever and pull it up.

While pulling up on the Quick Release Lever pull the Stem up from the Deck so it extends to a 90° angle. Once you hear it click, it's fully unfolded. Tighten the Locking Lever by turning the Knob clockwise and pushing the Locking Lever in.

To fold, push out the Locking Lever and turn the Knob counterclockwise. Pull up on the Quick Release Lever and push the Stem down towards the Deck until you hear it click. Tighten the Locking Lever by turning the Knob clockwise and pushing the Locking Lever in.

ADJUSTING THE HANDLEBAR

To Adjust the Handlebar, push out the Stem Clamp and turn the Knob counterclockwise to loosen (make sure you do not remove the Knob completely.) Press the button on the Stem in. Lift or lower the Handlebar until it clicks and suits the height of the rider. Once fully adjusted turn the Knob clockwise and push in the Stem Clamp to secure.

HOW TO APPLY THE BRAKE

To apply the brake, press down on the Rear Brake with your back foot.

Note: It is highly recommended you practice applying the brake prior to riding.

HOW TO CHANGE THE BATTERIES

The Jupiter has over 100 LED lights located in the Stem, the Deck, and the Wheels. In order to have them illuminate, you will need to add 3 AA batteries to the bottom of the deck.

To insert the batteries, flip over the Jupiter so you are looking at the bottom of the Deck.

Use a screw driver to open the battery box at the bottom of the Deck and place the batteries inside.

Close the battery box door with the screw and screwdriver. Your Jupiter is now ready to be turned on for use. In order to illuminate the Deck, you will need to turn on the LED Light Switch.

To save battery life, remember to turn off the LED lights at the end of every ride.

The Wheels are equipped with LED lights that will illuminate when riding, they do not require any batteries.

LED LIGHT FUNCTIONS

Click the Power Button on the bottom of the Deck to turn on the LED Lights. There are 11 light functions that can be cycled through by clicking on the Power Button. The 12th click will turn off the LED Lights. To skip the cycle and turn off the LED Lights hold the Power Button down for 3 seconds.

SAFETY WARNINGS

- This product is suitable for children age 5+, and for use on private property and closed courses. Always ride defensively, and watch out for potential obstacles that may catch your wheel or cause you to swerve suddenly.
- The Jupiter should always be used under adult supervision.
- Always check any local laws or regulations which may affect where the Jupiter may be used.
- Ride at your own risk and use common sense. Any rider that is unable to fit comfortably on the product should not attempt to ride it. All decisions on who is allowed to ride the Jupiter should be made based on their maturity, skill, and ability to follow the rules.
- The Jupiter is designed for one rider. Never carry passengers, and do not attach the Jupiter to other objects.
- This product was manufactured for performance and durability, but is not impervious to damage. Jumping and aggressive riding should be avoided under all circumstances. The rider assumes all responsibility and risk associated with high-stress activity.
- Keep your fingers and other body parts away from all other moving components when operating the Jupiter. Keep your hands on the handlebars at all times.
- Do not wear headphones or use a cell phone while operating the Jupiter.
- Do not operate the Jupiter in wet or icy weather, and never immerse the product in water.
- Avoid excessive speeds when riding downhill, as it increases the risk of accident and injury. Avoid wet, slick, bumpy, uneven or rough surfaces while using the Jupiter. Never risk damaging surfaces such as carpet and flooring by using the product indoors.
- Do not ride at night, or when visibility is limited.
- Always wear proper protective equipment, such as a helmet, elbow pads, and knee pads. Athletic shoes with rubber soles are best for riding the Jupiter.
- Never operate the product barefooted or in sandals, and keep shoelaces tied and away from the wheels.
- The brake may become hot while operating, do not touch the brake with your bare skin.
- Make sure all screws are tightened, and all clamps and locks are properly secured before riding.

MODIFICATIONS

Do not attempt to disassemble, modify, repair, or replace the Jupiter unit or any components of the unit. This will void any warranty, and can lead to malfunctions which may cause injury.

ADDITIONAL OPERATION CAUTIONS

Do not lift the Jupiter off the ground while it is in operation and the wheels are in motion. This can result in freely spinning wheels, which may cause injury to yourself or others nearby. Do not jump on or off the Jupiter, and do not jump while using it. Always keep your feet firmly planted on the deck while riding.

LIMITED 1 YEAR WARRANTY

TO QUALIFY FOR WARRANTY SERVICE:

1. You must present a copy of the sales receipt from an approved retail partner within 90 days of purchase.
2. This product cannot be used for rental or commercial use.
3. This product cannot be used for competition.

LIMITATIONS OF LIABILITY

- This Limited 1 Year Warranty is non-transferable after the product's initial sale.
- No unapproved modifications can be made to the product, its performance or otherwise, in order for this Limited 1 Year Warranty to remain in effect.
- No reimbursement is provided for towing, loss of time, loss of use, inconvenience, incidental or consequential damages.
- Warranty is void if weather related water damage is determined. Owner is responsible for storage and protection from weather.
- Jetson® makes no warranty with respect to products or trade accessories not made by Jetson®, including, but not limited to, motors, tires, wheels, and batteries, such products or trade accessories, such items being subject to the original manufacturer's warranty, if any.
- This Limited 1 Year Warranty does not cover minor surface blemishes, rips, tears, or other cosmetic damages due to normal use, or other intentional or unintentional damage to the product.
- This Limited 1 Year Warranty will not cover any damage which results from the application of improper cleaners, solvents or chemicals to the product, water damage, smoke or soot, or from exposure to saltwater, sea breeze or salt.
- This Limited 1 Year Warranty will not cover any damage which results from aging, such as fading of paint, deterioration of plated surfaces, deterioration of rubber or plastics, or rusting.
- This Limited 1 Year Warranty does not cover improper repair or misdiagnoses of problems.
- This Limited 1 Year Warranty only covers parts due to manufacturer defect.
- Damage due to misuse or neglect, use other than as specified in the Owner's Manual, or use under abnormal conditions are not covered by this Limited 1 Year Warranty.

OWNER'S WARRANTY RESPONSIBILITIES

As the device's owner, you are responsible for the performance of the required maintenance. You may be denied a warranty claim solely because of your failure to ensure the performance of all scheduled maintenance. As the owner, you should be aware that you may be denied your warranty coverage if your device or a part has failed due to abuse, neglect, improper maintenance, or unapproved modifications. For any issue regarding your Jetson® product, call toll free 1-(888) 976-9904, or email customerservice@jetsonbike.com.
