

OWNER'S MANUAL

NOTE: Please read instructions carefully before using this airbed.

WARNING:

1. Keep away from heat sources and fires.
2. Avoid the sharp and rough objects, or the airbed may get damages.
3. Do not over-inflated or jump on the airbed, doing so may decrease the airbed's life span.
4. The airbed is not a life saving device, do not use in water.
5. Infants have suffocated on inflatable mattresses. Never place infant aged birth to 15 months to sleep on this inflatable air mattress/air bed. Infants can suffocate on an underinflated or deflated mattress, on bedding, by co-sleeping with another person, and by entrapment between the mattress and bed frame or between the mattress and a vertical surface.
6. Children can be entrapped between the inflatable mattress and an adjacent vertical surface. Provide at least a shoulder width space between the inflatable mattress/airbed and adjacent vertical surfaces such as walls, dressers, or other objects.
7. Always keep the inflatable mattress fully inflated when in use.

INFLATION

Spread out the airbed and open the valve to inflate.

Note: Do not use high pressure air pump or over inflate.

After use, airbed may require additional air to increase firmness, add air according to your desired firmness.

DEFLATION

Open the valve to deflate.

REPAIRING

If the airbed surface is damaged, use the provided repair patch.

To repair: 1. Completely deflate the airbed.

2. Clean and dry the damaged area.

3. Apply a repair patch and smooth out any air bubbles.

Note: Never use other liquid glue or adhesive fabric, only use the repair patch like the provided one.

CLEANING AND STORAGE

1. If the airbed is dirty, use a clean and gently wipe down the surface. Be sure to dry the airbed before storing.

Note: Do not use harsh detergents that may damage the airbed.

2. Once deflated, carefully fold the airbed and store in a cool, dry location away from chemicals and heavy, or sharp objects.
